

## Apple Fruit Yogurt Donuts

To make these easy apple fruit donuts you'll need:

- Apples
- Knife
- Yogurt (we used various fruit-flavored ones like blueberry and strawberry as well as vanilla)
- Diced fruit (like berries, bananas and kiwi fruit)

### Instructions:

**Step 1.** Cut your apples in “donut slices” then use an apple corer or knife to make a circle cut in the center. A round pastry tip works well too. Adults may need to help you do this.

**Step 2.** Spread a layer of yogurt as your “frosting.”

**Step 3.** Add some fresh diced fruit on top of the yogurt.

A yummy and delicious snack that's great for breakfast or when you need a boost of energy as a quick afternoon snack.
