

## BLOTTO ART

**Emotional: 2.6 Expressing satisfaction and joy when accomplishing tasks.**

### Materials:

- blank paper (letter or construction)
- variety of tempera paint
- brushes one for each paint colour/small spoons

### Method:

1. Take a piece of paper. Paper can be different sizes: for thin brushes letter size will do, but if brushes are thick, bigger sizes will be better.
2. Drop different paints in little scoops on a paper.
3. Fold the paper.
4. Spread the paint inside the folded paper by rubbing it.
5. Open the fold and admire the creation.
6. Do it again with the different colour combinations.
7. Symmetrical objects like: faces(trolls), lady bugs, butterflies, and flowers works the best.
8. It is a good way to learn primary and secondary colours.
9. Teach about abstractionism☺( what does the “blot” picture look like to you?)
